

SOCIETY OF THE SACRED MISSION

SAFEGUARDING POLICY STATEMENT

The Society of the Sacred Mission (SSM) is a Christian Charity, the core purposes of which are to promote vocations, to nurture faith and spirituality and to encourage theological learning. These purposes are primarily delivered through the work of St Antony's Priory in Durham, in particular the work around spiritual direction and the operation of the retreat centre. In addition the charity provides appropriate care for the remaining Professed members of SSM, and administers the KTC grant fund.

We have adopted the House of Bishop's policy 'Promoting a Safer Church' and the associated guidance for safeguarding children, young people and vulnerable adults in the Church of England. Our main activity is based in the Diocese of Durham.

OUR RESPONSIBILITY

SSM is committed to:

- Promoting a safer environment and culture.
- Safely recruiting and supporting all those with any responsibility related to children, young people and vulnerable adults.
- Responding promptly to every safeguarding concern or allegation.
- Caring pastorally for victims/survivors of abuse and other affected persons.
- Caring pastorally for those who are the subject of concerns or allegations of abuse and other affected persons.
- Responding to those that may pose a present risk to others.

OUR SAFEGUARDING COMMITMENT

We are committed to building strong and safe communities and we believe that our staff, professed members and volunteers play an active part in keeping themselves and those they work with safe.

We do this by:

- Valuing, listening to and respecting those we work with.
- Encouraging the active participation of our staff, volunteers, spiritual directors and all those we work with in keeping themselves and others safe, ensuring they have a voice and a choice and know how to seek help if they need it.
- Carrying out appropriate risk assessments for all our activities to ensure the safety of those present.
- Safely recruiting, training and supporting staff, volunteers and spiritual directors.
- Ensuring all staff, volunteers and spiritual directors are made aware of this policy, understand their responsibilities for safeguarding and have the confidence and skills to recognise and respond to abuse.
- Having effective procedures in place for responding to safeguarding concerns and designated staff to respond to them.
- Displaying in our buildings and on our website the details of who to contact if there are safeguarding concerns or support needs.
- Listening to and taking seriously all those who disclose abuse.
- Offering support to victims/survivors of abuse regardless of the type of abuse, or when or where it occurred.
- Caring for and monitoring those within SSM who may pose a risk to children and adults whilst maintaining appropriate confidentiality and the safety of all parties.
- Monitoring the implementation of our safeguarding policy and taking any measures required to strengthen and improve existing practice.

- Reviewing the implementation of this safeguarding policy and procedures at least annually.

RESPONDING TO SAFEGUARDING CONCERNS

A safeguarding concern is any worry or concern about the safety or well-being of a person because of something seen or heard, or information which has been received. This includes any concerns about the behaviour of our staff, volunteers or spiritual directors which is harmful or puts others at risk. For example, someone may tell you they, or someone they know, has been harmed, exploited, or abused or you might witness a situation where a person is putting the safety of an adult or child at risk.

WHAT WILL WE DO WHEN WE HAVE A SAFEGUARDING CONCERN?

We will:

- Act quickly and appropriately when a safeguarding concern is reported to us, following the Church of England best practice guidance set out in *Responding to Safeguarding Concerns or Allegations that relate to Children, Young People and Vulnerable Adults practice guidance (2018)*.
- Treat all safeguarding concerns in a professional, confidential and sensitive way.
- Always act in the best interests of people, respecting and involving them, giving them a choice over decision making which impacts them, unless they lack the capacity to do so or it would put them at serious risk of harm, exploitation, abuse or neglect.
- Provide people with safe and appropriate advice and refer them to services that meet their needs.
- Work in partnership with other organisations, including statutory services like the police and social care to make sure people get the help they need.
- Refer concerns where a child or adult at risk has been or is at significant risk of harm, exploitation, abuse and neglect to local authority social care or the police.
- Protect confidential information except where the wider duty of care or the public interest might justify making it known.
